

Government of India

Ministry of Housing and Urban Affairs

Smart Cities

The Government of India launched the Smart Cities Mission on 25th June 2015 for developing 100 Smart Cities. The Mission Statement & Guidelines were also released at this event.

The objective of SCM was not the development of entire city but to follow an area-based development approach through retrofitting, redevelopment and greenfield development in selected parts of 100 cities so as to a replicable model. Smart City Proposals (SCPs) have been planned at the local level based on the local needs of the cities, across various sectors viz. smart mobility, Water, Sanitation, Hygiene (WASH), smart governance, smart energy and environment. Each project had a defined period of completion/ implementation.

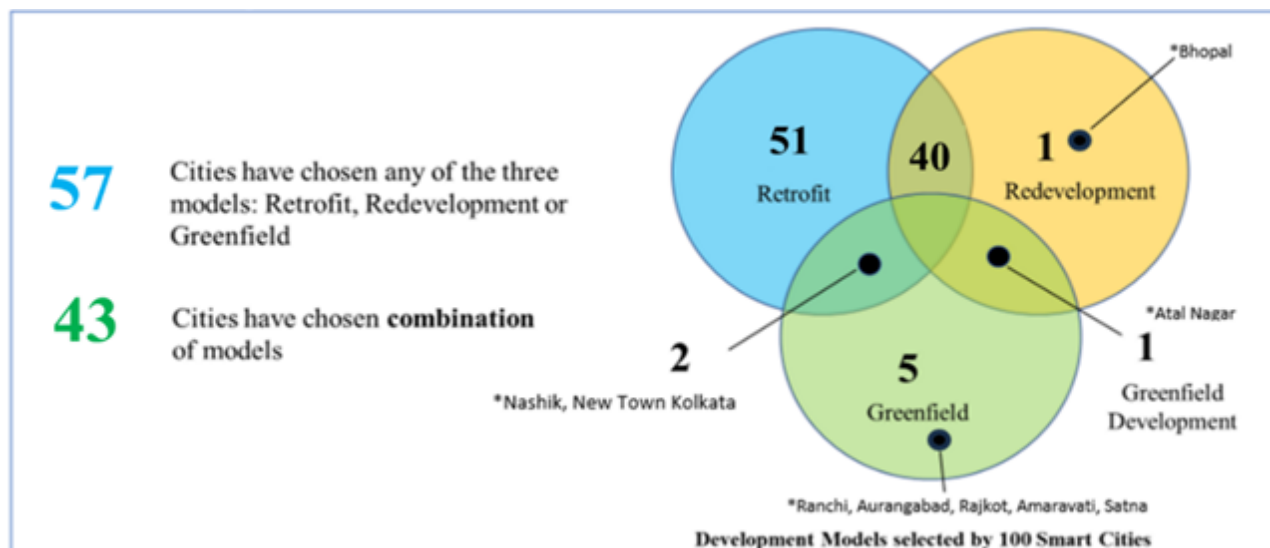

Selection Process of Smart Cities

Four rounds of competition					
	Round 1	Round 2	Round 3	Round 4	Total
No. of Selected Cities	20	40	30	10*	100
Period of selection	Jan 2016	May to Sep 2016	Jun 2017	Jan 2018	

*Shillong selected as 100th Smart City in June 2018

The list of cities selected in various rounds is given in Annexure-I.

Area Based Development Models

List of cities that have chosen only Retrofit Model and those that have chosen a combination of Retrofit and Redevelopment model is at **Annexure-II**

Mission Monitoring & Execution

Monitoring mechanism of the Mission

Monitoring was being done intensively at the National & States level:

At Central Government level, the Apex Committee headed by the Secretary MoHUA was mandated for approval of the Smart City Proposals, monitoring progress and recommending the release of funds based on progress milestones.

The National Mission Directorate, headed by the Mission Director, was responsible for all activities related to the Mission. He/she was advised by senior Ministry Officials and subject matter experts.

At the State Government level, High Power Steering Committee (HPSC) chaired by the Chief Secretary and comprising of representatives of the State Government departments, was responsible to steer the Mission.

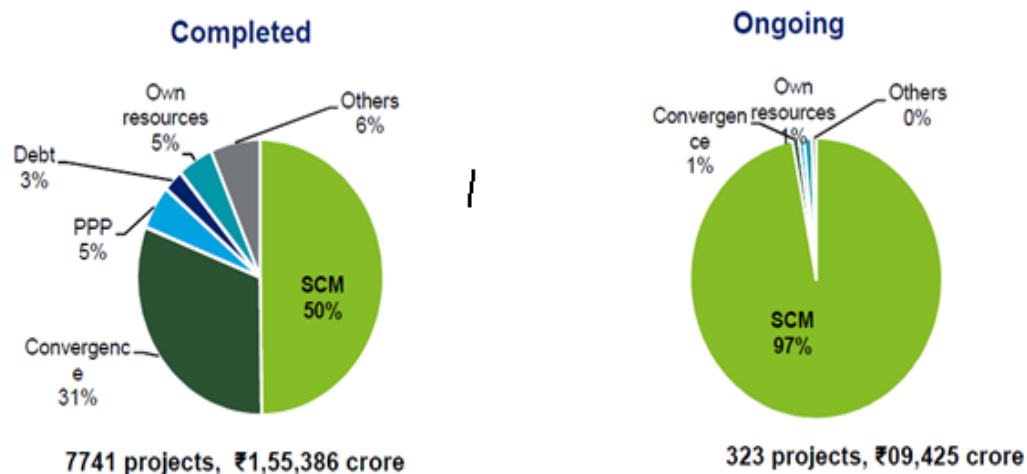

At city-level, while SPV was responsible for the implementation of the Smart City Proposal, Smart City Advisory Forum (SCAF) was established to advise and enable collaboration among various city stakeholders.

The Ministry used several mechanisms to ensure ground results are correctly reported such as; field visits, city reviews and Smart Cities events such as Conferences, Workshops, Seminars, Implementations etc.

Geo Spatial Management Information System (GMIS)

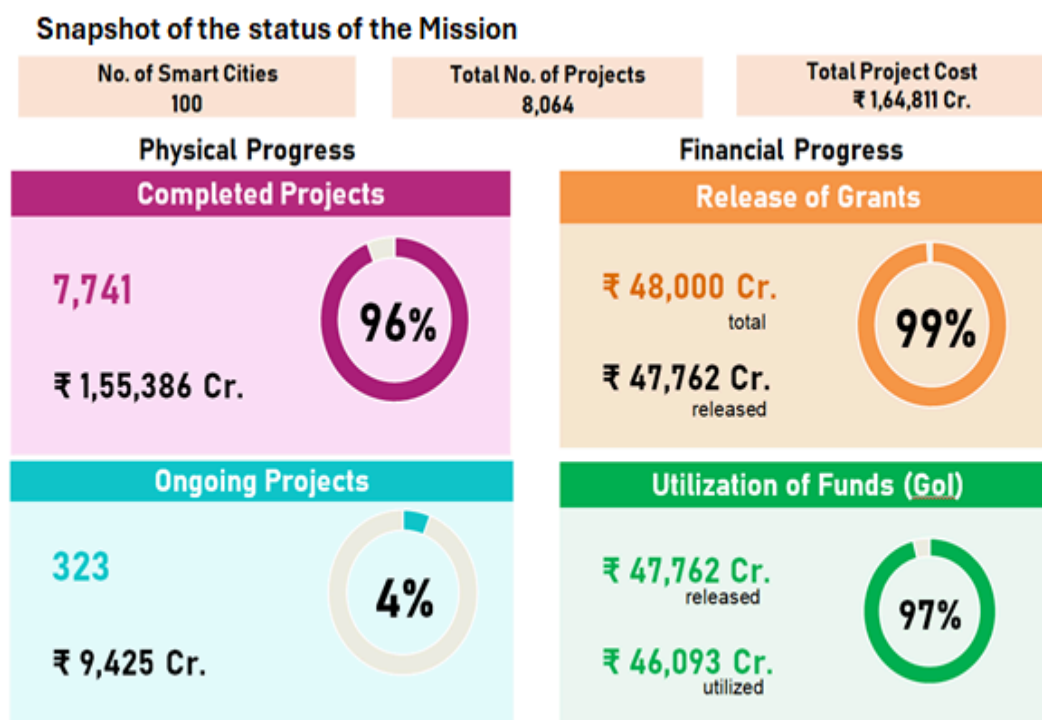

Monitoring and uation of the Mission was done through the GMIS platform. GMIS was used to monitor the physical and financial progress of the Mission. Each of the 8000+ projects were Geo coordinated with current photos reflecting the progress.

Funding Pattern

Source: As reported by States / UTs as on 1st December, 2025

Progress of the Mission

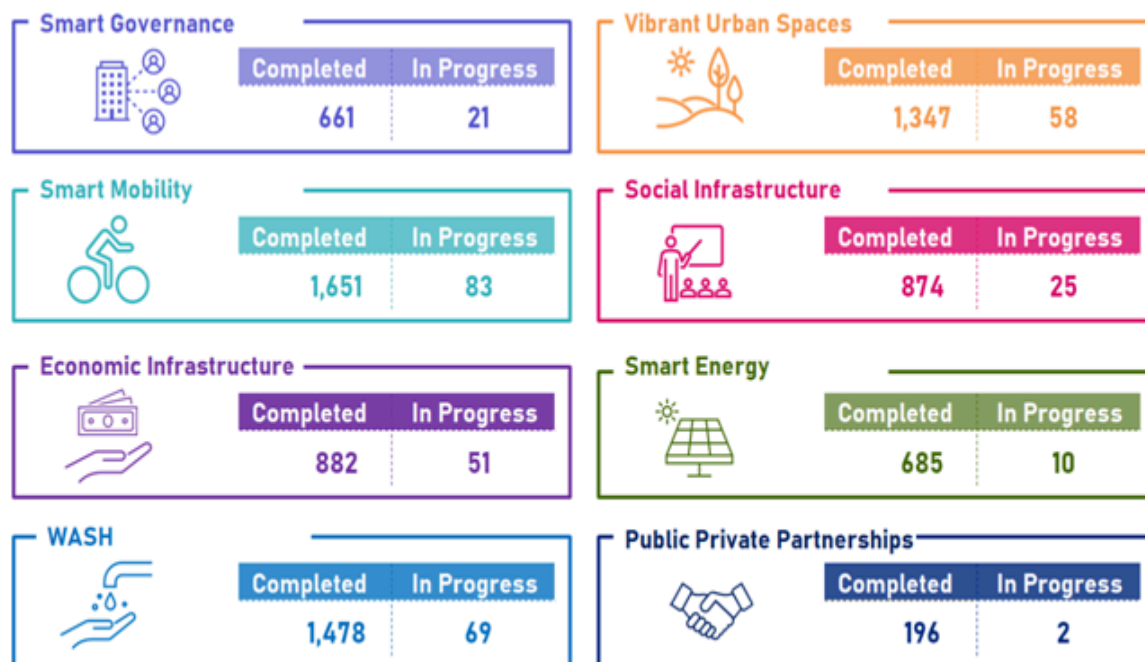

Source: As reported by States / UTs as on 1st December, 2025

Physical Progress

As on 1st December, 2025, work orders have been issued in 8,064 projects worth ₹1,64,811 Cr of which 7,741 projects (96%) worth ₹ 1,55,386 Cr have been completed. State-wise/City-wise progress of projects of Smart Cities is given in Annexure-III.

Significant Projects of the Mission

Source: As reported by States / UTs as on 1st December, 2025

Financial Progress

The Central Government has a total outlay of ₹48,000 Cr for the 100 cities under SCM. Till the financial closure of the Mission i.e. by 31st March 2025, the cities have been able to claim central financial assistance of ₹47,458 Cr (i.e. 99% of the total Central share allocation) as per the utilization of funds provided by them. The States/ Territories are reported to have utilized ₹46,093 Cr (i.e. 97% of the total Central share released).

Financial Closure of the Smart Cities Mission

Closure of the Mission

The financial closure of SCM was on 31st March, 2025, as the Mission released 99% of the total budget outlay of ₹48,000 Cr for the 100 cities under SCM. With the closure of SCM, there is no further budgetary provision under SCM. Hence, no new city will be taken up under SCM.

88 cities have been able to claim 100% Central Financial Assistance under SCM. List of these 88 cities is given at Annexure-IV.

Smart Cities Mission - Key Achievements

Some of the key achievements of the Smart Cities Mission includes the following:

Integrated Command and Control Centres (ICCC): All 100 smart cities have operational Integrated Command and Control Centre (ICCC) which are utilizing data to make data-based decisions. The use of technology towards urban management has increased. The urban services in each of the 100 cities have significantly improved in diverse fields like crime tracking, safety & security of citizens, transport management, solid waste management, water supply, disaster management etc.

Public Safety and Security: More than 83,000 CCTV surveillance cameras have been installed in 100 smart cities which helps in crime monitoring. 1,884 emergency call boxes, 3,000+ public address systems, and traffic enforcement systems for red light violations, automatic number plate recognition, etc. have also been installed which have improved public safety.

Vibrant Public Spaces: 1300+ projects on public spaces have been developed across 84 smart cities, including 318 km of waterfront development by 62 smart cities. This includes riverfront developments like the Jhelum riverfront in Srinagar, the Tunga riverfront in Shivamogga, the Kahn riverfront in Indore, the Godavari riverfront in Nashik, the Kangla riverfront in Imphal, the Umkrah riverfront in Shillong, and the Ganga riverfront in Patna and Kanpur. Additionally, 55 smart cities have completed the conservation of 484 heritage monuments while 58 cities have undertaken market redevelopment projects.

Water Supply: More than 17,000 kms of water supply system are being monitored through Supervisory Data Acquisition and Control (SCADA) in 31 smart cities, reducing the non-revenue water and leakages.

Solid Waste Management: 48 smart cities are using their ICCCs to monitor door-to-door solid waste collection in conjunction with 9,000 radio frequency identification (RFID)-enabled vehicles, resulting in improved route management and efficient collection.

Mobility: More than 1,700 km of Smart roads with universal accessibility, utility ducts and proper signages have been constructed across 84 smart cities. In addition, 23,000 bicycles have been procured for sharing, 1,500+ buses procured for public use, and 2,000+ bus stops developed. Further, Intelligent Transport Management System (ITMS) have been implemented and are being monitored through the ICCCs to improve traffic operations across 35 smart cities.

Smart Solutions: 9,400 number of Wifi hotspot locations and more than 83,000 CCTV cameras installed.

Education: More than 9,400 smart classrooms have been developed across 2,300 government schools in 71 smart cities. In addition, 41 Digital Libraries and 1,600+ Anganwadis have been developed.

Health: 30 smart cities have supported 165 hospitals and have added 3,100+ beds. Additionally, 172 e-health centres and clinics have been developed (without dedicated beds) and 155 health ATMs installed. Additionally, 59 smart cities have developed around 300 sports facilities that include integrated sports complexes, stadiums, and indoor sporting facilities.

PPP: 49 cities are successfully implementing 196 projects with Public Private Partnership (PPP) projects.

Way Forward

Recognising the strategic investments made in establishing and strengthening SPVs and ICCCs, and their growing relevance in supporting Urban Local Bodies (ULBs) to address complex and evolving urban challenges, the Government of India with a considered view that these entities should continue to operate beyond the completion of the Smart Cities Mission, has issued Advisory No. 27 dated 10 June 2025 outlining the envisioned future role of SPVs and a roadmap for the continued functioning of ICCCs.

The Smart Cities Mission (SCM) has marked a significant shift in urban development strategy by promoting city-level innovation and integrated infrastructure delivery. A distinctive feature of the Mission was the establishment of Special Purpose Vehicles (SPVs) in all 100 selected cities under the Companies Act, 2013, with a 50:50 equity share holding between State/UT governments/administration and respective Urban Local Bodies (ULBs) as promoters. These SPVs were mandated to implement the mission through focused planning, project development, and on-ground execution. In the process, the SPVs have cultivated a robust institutional capacity to manage high-value urban projects within short timelines while also contributing to the emergence of a skilled urban management workforce within the government systems.

Alongside SPVs, the Integrated Command and Control Centres (ICCCs) set up in all 100 cities under the Mission have emerged as the nerve centres of urban management, enabling data-driven governance and real-time decision-making. Leveraging cutting-edge technology, these centres have introduced significant improvements across various domains of urban practice, including traffic regulation, crowd management during high footfall events, public safety and security, disaster response and preparedness, and solid waste management.

In view of the above, advisory outlines a two-fold approach: completing residual Mission responsibilities and defining the future roadmap for SPVs. As a first step, the advisory calls upon all SPVs to ensure the timely completion of all ongoing projects under the Smart Cities Mission, prepare detailed operation and maintenance (O&M) plans for the assets d under the Mission.

Looking ahead, the advisory underscores the Government of India's firm view that the institutional and technical capacity built within the SPVs should be repurposed to meet emerging urban challenges. To support this transition, the advisory articulates a clear vision for repurposing SPVs as agile, multi-functional institutions aligned with evolving city and state-level priorities. States and Territories, through their respective High-Powered Steering Committees (HPSCs), have been encouraged to chart out urban sector priorities and map areas where SPVs can continue to play a strategic role.

The advisory outlines five broad domains for future engagement:

Technology Support: SPVs may support ULBs in managing cyber hygiene, analytics, and data systems. ICCCs are to be leveraged as city operating systems and state analytical hubs, with operational control preferably retained by the urban development departments. SPVs may receive service-ed revenues for managing ICCC functions.

Project Implementation: SPVs can act as implementing agencies for Central and State schemes, developing a pipeline of bankable projects. They may levy a project implementation charge between

1.5%–3%, as per state procurement norms.

Consulting Support: SPVs may provide advisory support to ULBs and state departments across urban sectors, drawing on their institutional experience and sectoral expertise.

Research and Assessment: SPVs can aid evidence-based planning through assessments, manpower/logistics support, and coordination. They may also serve as incubation hubs for urban technology start-ups.

Investment Facilitation: SPVs are positioned to drive city-level economic development by supporting project structuring, procurement, and stakeholder coordination across tiers of government.

State Governments have been requested to develop policies empowering SPVs charge a 'Centage' (Fee) from the State/UT to plan, design, develop and implement projects/Schemes of Centre/State government in lieu of the functions and services delivered by them. This will thereby enable the financial sustainability and operational autonomy of the SPVs.

Annexure-IV

Financial progress of release of Central Financial Assistance under Smart Cities Mission

88 Cities that have been able to claim 100% Central Financial Assistance

S. No	State/UT	100% GOI funds released	Name of the cities
1	Tamil Nadu	11/11 cities	Chennai, Coimbatore, Erode, Madurai, Salem, Thanjavur, Thoothukudi, Tiruchirappalli, Tirunelveli, Tiruppur, Vellore
2	Uttar Pradesh	10/10 cities	Agra, Aligarh, Bareilly, Jhansi, Kanpur, Lucknow, Moradabad, Prayagraj, Saharanpur, Varanasi
3	Madhya Pradesh	7/7 cities	Bhopal, Gwalior, Indore, Jabalpur, Sagar, Satna, Ujjain
4	Maharashtra	7/8 cities	Aurangabad, Kalyan-Dombivali, Nagpur, Pimpri-Chinchwad, Pune, Solapur, Thane
5	Karnataka	7/7 cities	Belagavi, Bengaluru, Davanagere, Hubballi-Dharwad, Shivamogga, Tumakuru, Mangaluru
6	Gujarat	5/6 cities	Ahmedabad, Gandhinagar, Rajkot, Surat, Vadodara
7	Rajasthan	4/4 cities	Ajmer, Jaipur, Kota, Udaipur

S. No	State/UT	100% GOI funds released	Name of the cities
8	Bihar	3/4 cities	Bhagalpur, Muzaffarpur, Patna
9	Andhra Pradesh	3/4 cities	Amaravati, Kakinada, Visakhapatnam
10	Punjab	3/3 cities	Amritsar, Ludhiana, Jalandhar
11	Chhattisgarh	2/3 cities	Atal Nagar, Bilaspur
12	Himachal Pradesh	2/2 cities	Dharamshala, Shimla
13	Arunachal Pradesh	2/2 cities	Itanagar, Pasighat
14.	Odisha	2/2 cities	Bhubaneswar, Rourkela
15.	Kerala	2/2 cities	Kochi, Thiruvananthapuram
16.	Haryana	2/2 cities	Faridabad, Karnal
17.	Sikkim	2/2 cities	Gangtok, Namchi
18.	Jammu and Kashmir	1/2 cities	Jammu

S. No	State/UT	100% GOI funds released	Name of the cities
19.	Assam	1/1 city	Guwahati
20.	Chandigarh	1/1 city	Chandigarh
21.	Delhi	1/1 city	NDMC
22.	Goa	1/1 city	Panaji
23.	Jharkhand	1/1 city	Ranchi
24.	Lakshadweep	1/1 city	Kavaratti
25.	Meghalaya	1/1 city	Shillong
26.	Mizoram	1/1 city	Aizawl
27.	Nagaland	1/1 city	Kohima
28.	Puducherry	1/1 city	Puducherry
29.	Tripura	1/1 city	Agartala
30.	Uttarakhand	1/1 city	Dehradun

S. No	State/UT	100% GOI funds released	Name of the cities
31.	West Bengal	1/1 city	New Town Kolkata

12 Cities that have not claimed 100% Central

Financial Assistance

S.No	State/UT	City	Funds claimed till 31 st March 25 (₹ Cr)	Unclaimed balance funds (₹ Cr)
1	Andaman Nicobar Islands	Port Blair	306	184
2	Andhra Pradesh	Tirupati	392	98
3	Bihar	Biharsharif	433	57
4	Chhattisgarh	Raipur	453	37
5	Dadra and Nagar Haveli	Silvassa	392	98
6	Daman and Diu	Diu	386	104
7	Gujarat	Dahod	417	73

S.No	State/UT	City	Funds claimed till 31 st March 25 (₹ Cr)	Unclaimed balance funds (₹ Cr)
